Principal Message

Growing up in New York we didn't practice Earthquake drills. Since I moved here in 2008 I've learned a lot. It's pretty impressive that San Mateo County has established clear safety protocols so people can think on their feet and act in a safe way. As some of you felt or followed in the news, there was an earthquake in San Jose Tuesday. We did not have reports of shaking at Borel, but it's always a good time to review our Drop, Duck & Cover followed by Evacuate Protocol.

Do you have a family meeting place in case you need to evacuate due? Wednesday night we reviewed as a family our procedures in house and also where we'd meet up outside of our house. Reviewing procedures helps children feel more comfortable. If your child needs additional support to process this week's earthquake please reach out to our great counseling team.

Thanks for reading this blast. It's a way to communicate weekly what's going on. Students listen to daily announcements. If they are absent or find something hard to hear, our announcements document are located on our website.

This month we have been having fun celebrating both **Filipi**

no History & Down Syndrome Awareness month with facts and history of the announcements. We're also celebrating **Diwali**, the festival of lights!

SCHOOL NEWS

Safety:

Today and a couple weeks ago the fire alarm was pulled. Through our campaign of "See Something, Say Something," we have identified the person involved in each incident and asserted serious consequences. Please talk with your child about fire safety. If someone needs help or there is a fire, that is a direct line to

emergency services. It is never a joke to pull. We can not silence our alarm without the fire department coming which takes time and money. Thanks for reviewing fire safety with your child.

Our leadership & student council students have been selling fun Boo grams during lunch in anticipation of a fun and safe Halloween. Please review the costume guidelines below:

As Halloween approaches, we want to review costume guidelines for those students who want to celebrate Halloween at school. Students may dress in costume if the costume can be worn without distraction to your child or others. Children may not bring any part of a costume that simulates a weapon, blood, violence, or any other inappropriate item (see planner for list.) If you are in doubt as to whether the item is allowed, please consult with us in advance. Any costume article of a violent/inappropriate nature will be taken away and held by the office until the end of the school day. In accordance with the District Wellness Policy, please do not have your child bring food/beverages to share. We appreciate your cooperation, thank you.

One practice my parents did for safety every year on Halloween was having us bring home all our candy for inspection before we dived in. Check for any tampered products and only eat store bought goods. The DEA shared recently that they are “advising the public of an alarming emerging trend of colorful fentanyl available across the United States. Since August 2022, DEA and our law enforcement partners seized brightly-colored fentanyl and fentanyl pills in 26 states. Dubbed “rainbow fentanyl” in the media, this trend appears to be a new method used by drug cartels to sell highly addictive and potentially deadly fentanyl made to look like candy to children and young people.” If you see or hear anything related to this dangerous product, please alert authorities.

Student Achievement: Recently Superintendent Ochoa shared the great math gains across the district. Our 8th grade students recently took an interim assessment. The department works together to collaborate grading and utilizes information to plan differentiated instruction.

The library October newsletter is [here](#). Meet the reader, get book recommendations for FilipinX-American History Month, and more.

Wellness: This Wednesday, students started the bullying and harassment unit in their advisory. Remember they are multiple ways to report bullying or harassing behavior so it stops. You can reach out to any adult, including Assistant Principal Brilhart or utilize the Anonymous Alerts app. Thank you for your support as we work together to build a bullying and harassment free community.

Equity Declaration: At Borel, we want everybody to have access to all the things we have to offer. So please let your teacher or counselor know if you are interested in a program or opportunity and you might confidentially need a scholarship or discount to help defray or lower the cost.

Wellness Corner

In October's newsletter, Tiffany Wightman, Wellness Ambassador, explores how emotions and behaviors relate to our needs and wants. Our needs change as we evolve from babies to adolescents to adults, but underlying many of our emotions is the need to have a healthy attachment to others, feel supported by friends and family, and have agency over our lives. Emotions experienced internally and expressed outwardly help get our needs met. Read more of [this month's article](#) or visit the [Wellness Corner](#) for all her articles! Questions or Feedback? Please contact Tiffany Wightman at wellness@borelbobcats.org.

Borel Neighborhood Association

Announcing the new **[Borel Neighborhood Association](#)**! Founded one month ago by a parent of a Borel 8th grader, the Borel Neighborhood Association is a community group that pays attention to issues important to our neighborhood. Situated east/west from El Camino Real to the Hillsborough line, and north/south from Hobart Avenue to Hwy 92, Borel Middle School is the center of our community and Aragon High School is adjacent to us. Our priority issues are slowing traffic in the neighborhood to improve pedestrian and bicycle safety, reducing crime through coordinated neighborhood watch, organizing events to get to know your neighbors, and reducing litter on our streets and sidewalks. Other priority issues include community amenities, climate resilience, street lighting, and fundraising for the local schools. If you are interested in joining, email Pam Rittelmeyer at pamrittel@gmail.com. Indicate in your email if you are interested in a Board position and/or if you have any special skills. Particularly, we are looking for Treasurer, Website Design, and Communications roles in addition to general members. Suggested dues will be \$25 per household per year and will be collected starting late 2022 or early 2023.
